ROW IS SETTLED

NEW TOWN BOARD AT CONCEPTION IN POSSESSION.

BUT TROUBLE BREWING

Old Board, Refusing to Give Up Office After City Election, Are Said to Have Spent $300 for Crossings.

The replevin suit of New Conception against C. H. Meade, who was formerly clerk of that town, was settled Monday and will be dismissed when the costs are paid, which will probably be done Tuesday. The suit was to have come up Tuesday before Justice W. L. Johnson in this city.

The replevin suit was to gain possession of the common seal, the warrant book, the minute book, the ordinance book, the license book, records, all papers, forms and blanks, as all of these things were being wrongfully detained by the defendant, states the petition. The suit also asked for $250 damages.

The trouble at New Conception came at the recent city election in April. The old board composed of P. R. Growney, J. W. Corcoran, A. M. Schafer, E. L. Lewis and C. H. Cousins, were all candidates for re-election and were defeated by a "Citizens" ticket composed of J. L. Henry, J. W. Hinton, L. C. Smith, E. L. Lewis and R. S. Mansfield. The new board could not get possession of the books of the town, the old board contending that the new members would have to qualify before them instead of qualifying by taking the oath of office before a notary public.

But all of this trouble seems to be settled now and the new board in charge of the affairs. It is said that probably another suit will be filed by the new board against the old board as that board transacted business after their time had expired. It is said that the old board had ordered over $300 to be expended for crossings after the city election.

MORE BIRTHS DURING APRIL.

In Polk, There Were 14 Births to 13 Deaths—Maryville Had 11 Deaths to 10 Births.

Acoording to the report for April, Polk township had 14 births and 13 deaths during April. Of these numbers, Maryville had 10 births and 11 deaths.

MUST FALL IN LINE.

Country Churches Must Awaken, or They Will Go By the Wayside.

The question of reviving the country church will resolve itself largely into a question of awakening a corpse, for the country church is tuning the strings for its own sad requiem, according to one reader who voices his opinion in the Missouri Ruralist. Incompetency adorns the pulpit, hypocrisy leads the choir and indifference slumbers in the pew. In the old days of superstition the minister's garb—a symbol—was confused with what it symbolized—the spirit or purpose—and he was consequently regarded with awe and homage, then with distrust, then with annoyance. It is time for the church to awaken. The practical method of procedure is yet to be solved but its solution lies in the resident pastor—the shepherd who knows his flock. The pastor must live, and just now the majority—a good big majority—of country communities cannot support him. The community of tomorrow will be co-operative with a graded, consolidated school presided over by a resident teacher hired for a term of years and supplied residence with a plot of ground and the pastor likewise supplied with the "meeting house" used for any proper functions the neighborhood desires.

Home From Atchison.

Mrs. John Murrin and daughter, Miss Charlotte Murrin, returned Sunday night from Atchison, Kan., where they were guests at the home of Mr. and Mrs. Henry Hausner, with whom Mrs. Murrin's son, John Owen Murrin, makes his home while employed in that city. Miss Ruth Hausner visited in Maryville a few days last fall, the guest of Miss Murrin and Miss Laura Barmann.

In City Police Court.

The city police court was rather busy Monday morning, there being three men up for drunkenness. They were John W. Dawson of Iowa, Will Dukes and John Belcher. They were fined $5 and costs by Mayor Robey, and they paid the fine and costs, amounting to $11.10 each.

WENT TO JOPLIN.

A Delegation of Local K. C. Men to Attend State Convention of the Knights of Columbus.

A party composed of J. Ed Costello, Nic Sturm, Fred Diss, Ed Ferritor, Anselm Schumacher and Jerry Vaughn left this afternoon for Joplin, where they will attend the state convention of the Knights of Columbus. They will represent the Maryville order at the convention.

PREVENTIVE MEDICINE.

Directions for Exterminating the Fly.

Flies may be combated by the following means:

I. The Fly Swatter.—This little instrument serves to kill many of the flies that pass by the screening.

II. Fly paper.—This paper also serves to destroy a limited number of flies.

III. Various Poisonous Solutions.—Such solutions are bichromate of potash (dram to two ounces of water) and 5 per cent solution of formalin in water. Various poisons found in the market in little tins supplied with wicks are also helpful. The water is added to the poison to be taken up by the wicks from which the fly sucks the poisoned water. When such poisons are used, all open water should be removed from the room so that the fly will have to drink poisoned water.

IV. Various Types of Wire Fly Traps.—Such traps may be obtained in almost any hardware or department store, and should be placed about the house.

V. Fly Traps on Garbage Cans to be placed outside residences.—These traps are placed over a hole in the top of the can. The top of the can is made a little larger in diameter than the can and is so arranged that it will be supported from one-fourth to one-half inch above the rim of the can. This position of the top enables the fly to walk up the side of the can and to enter it. After feeding, the fly will go to the light coming through the hole in the top and will pass into the trap. The traps cost only a few cents. Owing to the strong smell, the garbage can is thus converted into a most efficient fly trap. Every household, restaurant, grocery store, and meat shop should have such a garbage can. If a little meat is placed in the garbage can, the green blow fly will be caught along with other flies.

If these cans were used in the places above designated, the adult fly population would soon be exterminated. The garbage can should be placed near the kitchen door convenient to the kitchen and to the garbage collector.

Business houses, especially those dealing in foodstuffs of any kind, should also have the ordinary plain fly traps in the front and rear of the establishment.

Livery barns and private barns should also be provided with traps which should be placed near the manure pile.

VI. The destruction of the eggs and the larvae of the fly, or the destruction of the breeding places of the fly. This is perhaps the most important factor in the extermination of this insect. Flies breed in dead vegetable and animal matter; consequently, they breed in all trash about the house and yard. After the deposition of the eggs, ten days elapse before the mature fly is developed; hence, all trash, both vegetable and animal, should be cleaned at intervals of less than ten days in order to destroy each crop of larvae. A general cleaning up should be done once each week—better twice.

VII. An ideal breeding place may be found in outhouses unprotected from flies; consequently, all outhouses should be screened, kept clean, and disinfected with chloride of lime.

VIII. Manure, on account of the decaying organic materiai, moisture, heat and fermentation, forms an ideal breeding place for flies. The manure should be removed twice a week. The area on which the manure is placed should be concreted. If the place is not concreted, after the manure is removed, it should be sprinkled with chloride of lime. A fly trap should be kept near this area. If the manure can not be removed twice a week, it should be kept in a screened shed so that flies can not gain access to it. The stable should be screened, kept free of manure, and should have in it a fly trap. The bichromate of potash above described should be placed in flat dishes about the stable. It is not poisonous to animals or men.

The above recommendations should be carried out by everyone in the community. An inspector should be appointed to see that all the yards, alleys, stables, stores, etc., are kept clean and supplied with fly traps which are maintained in a state of good repair.

AGAIN SKIPS OUT

JOSEPH YOUNGER HAS LEFT FOR "PARTS UNKNOWN."

MORE "HIGH FINANCE"

His Deposition Wanted in Cases Soon to Be Tried in Court—Many Cases Standing Against Him.

Joseph Younger, who was formerly loacted at Elmo and left that town for High River, Alberta, Canada, seems to have moved to parts unknown, according to the information received at Elmo last week.

Letters which were sent to him at that address have come back with the information that he has left and his address is unknown.

The rumor that reached Elmo was to the effect that Younger had given a man up in that country somewhat of a skinning in a financial deal.

The deposition of Younger was to have been taken soon in the cases that are now filed against him in the Nodaway County Circuit Court. There are many of these cases against him.

Younger left Elmo several months ago after pulling off a series of financial deals. He said that he was going to make good in Canada and pay off all of his debts.

MONDAY WAS MUSIC DAY.

In Addition to the Conception Band, An Italian Street Orchestra Was Here.

Monday in Maryville was music day. In addition to the Conception College band being here, an orchestra of Italian street players played the old time melodies and "raggy rags" on the streets. The orchestra is to furnish music this evening at the Empire theater moving picture show.

CONFERRING WITH PHILLIPS.

Board of Public Works Meeting Today With Their Engineer and Discussing Water Tower.

The board of public works was in session this morning, conferring with their engineer, Hiram Phillips of St. Louis, in regard to the water tower improvements and repairs and also other matters of the city water plant. Nothing definite was done by the board, except to approve the contract in regard to two new boilers at the water plant. The board will meet this evening and it may at that time decide on the best plan for the water tower.

SUING THE GREAT WESTERN.

C. E. Willey, a Latter Day Saints Preacher Wants $65 From Railroad Company.

C. E. Willey, a Latter Day Saints preacher of Iamoni, Iowa, brought suit Monday against the Chicago Great Western for $65. The suit was filed by W. E. Wiles. In the petition, it alleges that Willey checked a grip from Darlington to Guilford and in making the transfer at Conception Junction, the grip was lost and has never been found. The petition states that upon investigation, the grip was received by the Great Western railway at Conception but it was never sent to Guilford and has never been found. The grip and contents, which included papers, books and wearing apparel, are valued at $65.

Lightfoot Arrested.

The St. Joseph Gazette says:

George Lightfoot was arrested at Atchison, Kan., Saturday, to be returned to St. Joseph, where he is wanted on the charge of embezzling $500 from Otto Theisen, former sheriff, with whom he was associated in a horse deal.

Hen Doing Well in Contest

Goff Crawford, son of W. H. Crawford of this city, has a Buff Wyandotte hen entered in the egg laying contest conducted by the state experiment station at Mountain Grove. During April, the hen laid thirty eggs, being a record for that month. There are 600 hens entered in the contest.

Joseph F. Brown of Kansas iCty spent Sunday in Maryville with his family, who are the guests of Mrs. Brown's parents, Mr. and Mrs. Fred Hastings.

Mrs. J. T. Clark of Conception Junction was shopping in Maryville Monday.

Howard Garrett of Clearmont was in town Monday, returning home from a trip to St. Joseph.

A PRAISE SERMON

THEME WELL ADAPTED FOR CONSERVATORY COMMENCEMENT.

MANY TURNED AWAY

Interest in Musical Graduates Filled Church to Overflowing—It was an Inspiring Service.

The largest audience that has been asembled in the First M. E. church gathered Sunday night to hear the baccalaureate sermon by Rev. S. D. Harkness of the First Presbyterian church to the graduating class of the Maryville Conservatory of Music. Many people were turned away.

It is certainly a cause for regret that Maryville has not an auditorium large enough to hold all the people who would attend a service that is of such general interest as our public school and conservatory affairs are. It is hoped that somebody will become philanthropist enough some day to build Maryville a great music hall in which to hold all big gatherings.

Promptly at 8 o'clock Director Landon of the conservatory gave an organ prelude closing with a march, during which the members of the class entered and took places reserved for them. They are Miss Dale Hoffman, Miss Floe Masters, Miss Geneva Wilfley, Miss Carrie Margaret Baker and Miss Alice Barr of Maryville; Miss Madonna Fay Bishop of Ravenwood; Miss Grace Danner of Blanchard, Ia.; Miss Alpha Hinkle of Fortesque; Miss Louise Kirk of McFall; Miss Neva Key of Barnard; Miss Ora LeGrand of Clearmont; Miss Madge McMahen of Fairfax; Miss Lois Sturgeon of Hopkins; Miss Helene Young of Creston, Ia.

The special music by the large chorus, composed of the choirs of the First M. E. and Presbyterian churches, was exceedingly well rendered. The anthems were "Consider and Hear Me," by Pfleuger, and "The Sanctus," from Gounod's "St. Cecelia."

Reverend Harkness took the last verse of the Book of Psalms for his text, which reads, "Let everything that hath breath give praise." His sermon was inspiring to everyone, whether musician or not, while to the musician it must have been more than inspiring, with its keen probing of the thought and intention of those who are given the wonderful opportunity for cultivating the God-given talent for execution of music in song or upon instrument. Many things the minister said to the musicians were "sharp as a two-edged sword," to awaken the responsibility resting upon them in the use of their gifts.

The commencement program will be given Friday evening at 8 o'clock at the First M. E. church.

HENRY ROYSTON DEAD.

Body Will Be Brought Back to Maryville for Burial—Was Brother of Alfred Royston.

Word was received in Maryville today by Alfred Royston of the death of his brother, Henry Royston at Ft. Pier, South Dakota. His death was unexpected. HE WAS SEA SICK

FATHER ANSELM WRITES OF HIS VOYAGE HOME.

EVERYTHING CHANGED

Boyhood Home Was Strange But Everyone Tried to Make Him Happy—Their Fruit All Destroyed.

The first word from the Rev. Father Anselm, pastor of St. Mary's Catholic church of this city, who is in Europe for a several months' stay, was received Sunday by the Rev. Mother Augustine of St. Francis hospital.

Father Anselm left Maryville on April 7. His letter is dated April 28, from Kl. Wagen, Kl. Lucerne, Switzerland. What he says in his letter is mostly of a personal nature, but will be of interest to all Maryville friends, especially to his people of St. Mary's church, who took such interest in his visit to his aged mother, who was praying in every conscious moment that she might see her son before she died. His letter reads:

"Came home April 24 and found home in a sad condition. When I arrived, mother was very sick, and got worse because my unexpected arrival was too much for her. My brother's youngest girl, twelve years old, died four days before I got here and father's and mother's hearts are broken. Another near and dear relative was buried yesterday. They all felt gloomy and sad, but now they begin to revive. Mother feels some better today, but still there are no hopes for her recovery, and in the midst of her sufferings she feels perfectly happy and satisfied.

"The weather for our journey was very gloomy, rained every day, but we had no storm. Saturday noon when we left New York, was so cloudy and foggy that no steamer was allowed to go on. Sunday morning we were on the same spot when we stopped Saturday at 2 o'clock, only three miles away from New York. Monday I got sea sick and preached the longest sermon I ever preached, but only to the fish. My head is still swiming and dizzy, but otherwise feel pretty fair, although I lost eighteen pounds in weight. My three companions felt fine all the way, were eating like thrashers.

"Tomorrow I expect Abbot Ignatius and we shall at once start for Rome. Therefore I must make my letter short. Shall give a fuller explanation of my journey later on if possible.

"Yesterday I sang high mass, met the whole congregation, but knew very few. Everything is changed, but everybody tries to make me fell happy. Have to eat and drink all day, and still mother thinks I am fasting.

"Without joke or exaggeration, my home country is the grandest I ever saw. A regular paradise, although a heavy frost destroyed the fruit and blossoms of every tree. No pears, no cherries, no fruit this year. I examined almost every tree on our farm. Only one piece of fruit is in this house today, an orange which you put in my satchel in Maryville.

"Give all the Sisters of the community my kindest regards, so also to everybody in the parish. I would be glad to hear from Maryville every week.

"When back from Rome I may write more. May God bless you and all the parishoners with his choicest blessing. Goodbye."

The Party Must Make Good.

I want everybody to realize that I have not been taken in by the results of the last national election. The country did not go Democratic in November. It was impossible to go Republican because it could not tell which kind of Republican to go. The only hopeful and united instrument through which it could accomplish its purpose was the Democratic party. There are certain things which we want done, the country said, not certain persons elevated. There are certain things we want demonstrated, such as that the government of the United States cannot be controlled by private interests. Now the Democratic party is going to have a try at making these things successful and if not we're not going to have another try.—President Wilson.

CUMMINS LEADS G. O. P. CONFEREES

Republican Leaders Gather to Consider Condition of Party.

NINE STATES REPRESENTED

Thirty-eight Attend, Including Half Dozen Senators—Believe National Convention Should Be Called This Year, but Do Not Take Any Action.

Chicago, May 12.—Proposals to reorganize the Republican party were discussed at a conference here between six Republican United States senators and thirty-two other Republican leaders, representing nine states. The conference discussed the action that should be taken at the meeting of the Republican national committee at Washington, May 24, looking toward reorganizing the party along progressive lines and as to whether there should be a Republican national convention this year.

Although the public was not admitted, Senator Albert B. Cummins stated "that it was merely an informal talk, a sort of a roundtable discussion of what may be done for the best interests of the party by reorganizing it along progressive lines."

Presided over by Senator L. Y. Sherman of Illinois, the discussion was participated in by Senators Cummins, Borah of Idaho, Crawford of South Dakota, Gronna of North Dakota, Kenyon of Iowa, Congressman Hayes of California, Congressman Good of Iowa and many members of state legislatures.

Convention Needed.

"Did you come to a decision whether there ought to be a national convention this year?" Senator Cummins was asked.

"We did not decide on that, but everyone seems to feel that the condition of the party seems to necessitate a convention this year.

"Our informal talk will be followed by a more formal conference today, when former Governor Hadley of Missouri will be here. We shall then issue a statement telling just what we think ought to be done in behalf of the party."

Somebody asked Senator Kenyon "Whether there was to be an effort made to get a new national committee."

"That subject did not come up, but most of us would have no objection if the present committeemen resigned," replied Senator Kenyon. "What did come up was a proposition to have the next committee take office soon after its election so that it might pass upon the credentials of the delegates to the 1916 convention."

WILL SCATTER ASHES OF SPOUSE ON THE SEA.

New York, May 12.—A golden urn containing her husband's ashes, which are to be strewn on the waves a thousand miles off Sandy Hook, was taken with Mrs. Harriet M. Howland of Norwich, Conn., when she sailed on the steamer Berlin for Europe. With her daughter the widow began the ocean voyage, during which she purposes to carry out a clause of the will of her husband, Dr. George T. Howland, who died Sept. 24, 1911.

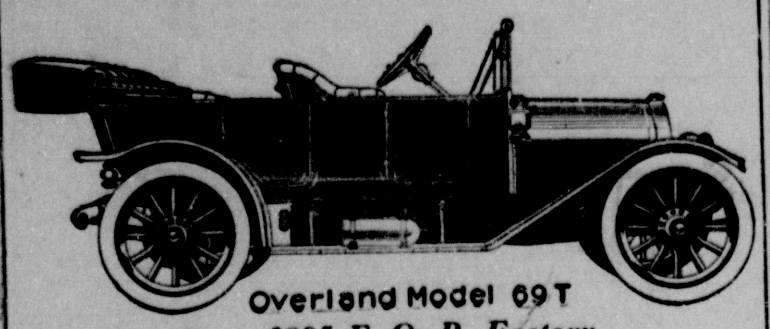
Makes the Minutes Count

SOMEBODY once said that time is the stuff of which life is made.

He was right. Time also is money. In saving the busy man time, the automobile earns him money.



Overland Model 69T

Price $985 F. O. B. Factory

How? Because by saving time it multiplies his opportunities for profitable endeavor.

It is a short-cut to business engagements and a hustler back to the desk.

It makes the minutes count that are wasted otherwise.

It is an efficiency-increaser, an instrument tending toward scientific management, which saves its cost many times over by cutting out many small wastes of time.

For the business man an hour gained each day adds vastly to his capacity for doing more business.

If time is the stuff of which life is made, then the automobile, by lengthening your productive time, actually lengthens your life, doesn't it?

Think about it?

And when you come to figure out which of the many automobiles offered you is the most efficient time saver, the safest investment, guaranteeing the most value for the money, be sure to include the Overland in the list of cars you want to examine before placing your order, and see how correct our statement is that the superior service given by the car makes it, to you, worth more than it costs.

At least come and take a look at it—take a ride, then ask those who have already bought one. Compare it with others—then draw your own conclusions. That's all we ask.

FINAL APPEAL FOR LAND BILL VETO

Bryan Telegraphs Johnson, Urging Him to Withhold Signature.

CHINDA PROTEST ACCOMPANIES

Administration Again Asks That Proposed Legislation Be Deferred—Cooperation of Government in Accomplishing California Purpose.

Washington, May 12.—The federal government's final effort to delay alien land owning legislation in California was made when Secretary Bryan, in the name of President Wilson, telegraphed Governor Johnson, notifying him that the Japanese ambassador had earnestly protested against the bill passed by the California assembly and urged that the governor postpone action by withholding his signature.

Secretary Bryan's telegram, which was framed after a conference with the president, was as follows:

"The president directs me to express his appreciation of your courtesy in delaying action on the land bill now before you until its provisions could be communicated to the Japanese government. His excellency, Baron Chinda, on behalf of his government, has presented an earnest protest against the measure. As you have before you two alternatives, viz., to approve or to veto, it will avail nothing to recall to your attention the amendments suggested to the legislature and as the president has already laid before you his views upon the subject it is unnecessary to reiterate them.

Passes Over Treaty Question.

"He passes over questions affecting treaty rights for two reasons; first, because the bill passed by the legislature is avowedly intended to conform to treaty obligations, and, second, because any conflict complained of would be a matter for the courts. But the president feels justified in expressing again his desire that action on the subject be deferred for this session and he expresses the desire the more freely because the legislature can be reconvened at any time if the welfare of the state requires it. He is alive to the importance of removing any root of discord which may create antagonism between American citizens and the subjects of Oriental nations residing here, but he is impelled by a sense of duty to express the hope that you will see fit to allow time for diplomatic efforts. The nations affected by the proposed law are friendly nations—nations that have shown themselves willing to cooperate in the establishment of harmonious relations between their people and ours.

"If a postponement commends itself to your judgment, the president will be pleased to co-operate in a systematic effort to discover and correct any evils that may exist in connection with landownership by aliens."

Action Follows Conference.

The decision of the administration to urge Governor Johnson to use his power to veto to postpone any land legislation was reached after a series of conferences between the president, Secretary Bryan and John Bassett Moore, counsellor of the state department and Ambassador Chinda. It was realized that any further attempt to have the bill enacted by the California legislature amended would be fruitless, since Secretary Bryan's trip to Sacramento was unavailing and the legislature is to adjourn tomorrow.

Until Governor Johnson's reply is received, the government probably will make no reply to the protest of Japan further than to acquaint the ambassador with the fact that every possible effort has been made to have action in California delayed pending a settlement of the problems involved by diplomacy.

GREECE DELAYS PEACE

Refuses to Accept Draft of Treaty Drawn Up by Powers.

London, May 12.—The Turkish delegates arrived in London for the peace conference.

Dispatches from Sofia indicate that the Greek government is trying to delay the conclusion of peace by refusing to accept the draft of the treaty drawn up by the ambassadorial conference. The Bulgarian government, however, has notified Greece of its determination to permit no further delay in signing the peace treaty.

Friction between Bulgaria and Greece still menaces the situation. The mixed commission appointed by the two governments to reconcile the rival claims over disputed towns and territories arrived at irreconciliable conclusions.

Kaiser Robbed of Two Handbags.

Berlin, May 12.—According to the Morgen Post, the emperor was robbed of two alligator handbags while returning by train from his recent visit to Strassburg. The handbags contained articles of personal use.

NEEDFUL KNOWLEDGE.

Maryville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are many. Disordered kidneys often excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back may ache, headaches and dizzy spells may occur and the victim is often weighted down by a feeling of languor and fatigue. Neglect these warnings and there is danger. Delay often proves fatal.

You can use no better endorsed kidney remedy than Doan's Kidney Pills. Here's Maryville proof of their merit.

Mrs. C. McMonigal, 706 East Second street, Maryville, Mo., says. "I suffered for years from disordered kidneys and at times the pain in my back was so bad that I had to scream. I couldn't rest well and had dizzy spells. Since I used Doan's Kidney Pills I have felt better in every way. I can certainly recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisement.

FRAIL, SICKLY CHILD

Restored to Health By Vinol—A Letter to Mothers.

Anxious mothers often wonder why their children are so pale, thin and nervous and have so little appetite. For the benefit of such mothers in this vicinity we publish the following letter.

J. Edmund Miller, New Haven, Conn., says: "My little daughter ever since her birth had been frail and sickly, and was a constant source of worriment. Several months ago we commenced to give her Vinol. I immediately noted an improvement in her health and appearance, and from the good it has done her I can truly say it will do all you claim."

This child's recovery was due to the combined action of the medicinal elements extracted from cods' livers,—combined with the blood making and strength creating proprieties of tonic iron, which are contained in Vinol.

Vinol will build up and strengthen delicate children, old people, and the weak, run-down and debilitated. We return the money in every case where it fails.—Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

POISONOUS GAS IN STOMACH.

Nothing Like MI-O-NA Stomach Tablets to Instantly Banish Misery.

Gas forms in your stomach because food you eat ferments and turns sour.

Allow this fermentation to go on and these gases become poisonous and the poison gets into the blood.

MI-O-NA Stomach Tablets stop the fermentation almost instantly, turn the poisonous gases into liquid, and eliminates it through the natural channels.

If you have stomach trouble such as gas, sourness, heaviness, flatulency, or shortness of breath, MI-O-NA will give gratifying relief in five minutes.

They are sold on money back plan for acute or chronic indigestion, nervousness, headaches, etc. At Orear-Henry Drug Co. and druggists America over, 50 cents. Postal will bring trial treatment.—Advertisement.

DAILY DEMOCRAT-FORUM

VOLUME 3. MARYVILLE, MISSOURI, MONDAY, MAY 12, 1913. NO. 294.

ROW IS SETTLED

NEW TOWN BOARD AT CONCEPTION IN POSSESSION.

BUT TROUBLE BREWING

Old Board, Refusing to Give Up Office After City Election, Are Said to Have Spent $300 for Crossings.

The replevin suit of New Conception against C. H. Meade, who was formerly clerk of that town, was settled Monday and will be dismissed when the costs are paid, which will probably be done Tuesday. The suit was to have come up Tuesday before Justice W. L. Johnson in this city.

The replevin suit was to gain possession of the common seal, the warrant book, the minute book, the ordinance book, the license book, records, all papers, forms and blanks, as all of these things were being wrongfully detained by the defendant, states the petition. The suit also asked for $250 damages.

The trouble at New Conception came at the recent city election in April. The old board composed of P. R. Growney, J. W. Corcoran, A. M. Schafer, E. L. Lewis and C. H. Cousins, were all candidates for re-election and were defeated by a "Citizens" ticket composed of J. L. Henry, J. W. Hinton, L. C. Smith, E. L. Lewis and R. S. Mansfield. The new board could not get possession of the books of the town, the old board contending that the new members would have to qualify before them instead of qualifying by taking the oath of office before a notary public.

But all of this trouble seems to be settled now and the new board in charge of the affairs. It is said that probably another suit will be filed by the new board against the old board as that board transacted business after their time had expired. It is said that the old board had ordered over $300 to be expended for crossings after the city election.

MORE BIRTHS DURING APRIL.

In Polk, There Were 14 Births to 13 Deaths—Maryville Had 11 Deaths to 10 Births.

Acoording to the report for April, Polk township had 14 births and 13 deaths during April. Of these numbers, Maryville had 10 births and 11 deaths.

MUST FALL IN LINE.

Country Churches Must Awaken, or They Will Go By the Wayside.

The question of reviving the country church will resolve itself largely into a question of awakening a corpse, for the country church is tuning the strings for its own sad requiem, according to one reader who voices his opinion in the Missouri Ruralist. Incompetency adorns the pulpit, hypocrisy leads the choir and indifference slumbers in the pew. In the old days of superstition the minister's garb—a symbol—was confused with what it symbolized—the spirit or purpose—and he was consequently regarded with awe and homage, then with distrust, then with annoyance. It is time for the church to awaken. The practical method of procedure is yet to be solved but its solution lies in the resident pastor—the shepherd who knows his flock. The pastor must live, and just now the majority—a good big majority—of country communities cannot support him. The community of tomorrow will be co-operative with a graded, consolidated school presided over by a resident teacher hired for a term of years and supplied residence with a plot of ground and the pastor likewise supplied with the "meeting house" used for any proper functions the neighborhood desires.

Home From Atchison.

Mrs. John Murrin and daughter, Miss Charlotte Murrin, returned Sunday night from Atchison, Kan., where they were guests at the home of Mr. and Mrs. Henry Hausner, with whom Mrs. Murrin's son, John Owen Murrin, makes his home while employed in that city. Miss Ruth Hausner visited in Maryville a few days last fall, the guest of Miss Murrin and Miss Laura Barmann.

In City Police Court.

The city police court was rather busy Monday morning, there being three men up for drunkenness. They were John W. Dawson of Iowa, Will Dukes and John Belcher. They were fined $5 and costs by Mayor Robey, and they paid the fine and costs, amounting to $11.10 each.

WENT TO JOPLIN.

A Delegation of Local K. C. Men to Attend State Convention of the Knights of Columbus.

A party composed of J. Ed Costello, Nic Sturm, Fred Diss, Ed Ferritor, Anselm Schumacher and Jerry Vaughn left this afternoon for Joplin, where they will attend the state convention of the Knights of Columbus. They will represent the Maryville order at the convention.

PREVENTIVE MEDICINE.

Directions for Exterminating the Fly.

Flies may be combated by the following means:

I. The Fly Swatter.—This little instrument serves to kill many of the flies that pass by the screening.

II. Fly paper.—This paper also serves to destroy a limited number of flies.

III. Various Poisonous Solutions.—Such solutions are bichromate of potash (dram to two ounces of water) and 5 per cent solution of formalin in water. Various poisons found in the market in little tins supplied with wicks are also helpful. The water is added to the poison to be taken up by the wicks from which the fly sucks the poisoned water. When such poisons are used, all open water should be removed from the room so that the fly will have to drink poisoned water.

IV. Various Types of Wire Fly Traps.—Such traps may be obtained in almost any hardware or department store, and should be placed about the house.

V. Fly Traps on Garbage Cans to be placed outside residences.—These traps are placed over a hole in the top of the can. The top of the can is made a little larger in diameter than the can and is so arranged that it will be supported from one-fourth to one-half inch above the rim of the can. This position of the top enables the fly to walk up the side of the can and to enter it. After feeding, the fly will go to the light coming through the hole in the top and will pass into the trap. The traps cost only a few cents. Owing to the strong smell, the garbage can is thus converted into a most efficient fly trap. Every household, restaurant, grocery store, and meat shop should have such a garbage can. If a little meat is placed in the garbage can, the green blow fly will be caught along with other flies.

If these cans were used in the places above designated, the adult fly population would soon be exterminated. The garbage can should be placed near the kitchen door convenient to the kitchen and to the garbage collector.

Business houses, especially those dealing in foodstuffs of any kind, should also have the ordinary plain fly traps in the front and rear of the establishment.

Livery barns and private barns should also be provided with traps which should be placed near the manure pile.

VI. The destruction of the eggs and the larvae of the fly, or the destruction of the breeding places of the fly. This is perhaps the most important factor in the extermination of this insect. Flies breed in dead vegetable and animal matter; consequently, they breed in all trash about the house and yard. After the deposition of the eggs, ten days elapse before the mature fly is developed; hence, all trash, both vegetable and animal, should be cleaned at intervals of less than ten days in order to destroy each crop of larvae. A general cleaning up should be done once each week—better twice.

VII. An ideal breeding place may be found in outhouses unprotected from flies; consequently, all outhouses should be screened, kept clean, and disinfected with chloride of lime.

VIII. Manure, on account of the decaying organic materiai, moisture, heat and fermentation, forms an ideal breeding place for flies. The manure should be removed twice a week. The area on which the manure is placed should be concreted. If the place is not concreted, after the manure is removed, it should be sprinkled with chloride of lime. A fly trap should be kept near this area. If the manure can not be removed twice a week, it should be kept in a screened shed so that flies can not gain access to it. The stable should be screened, kept free of manure, and should have in it a fly trap. The bichromate of potash above described should be placed in flat dishes about the stable. It is not poisonous to animals or men.

The above recommendations should be carried out by everyone in the community. An inspector should be appointed to see that all the yards, alleys, stables, stores, etc., are kept clean and supplied with fly traps which are maintained in a state of good repair.

JOSEPH YOUNGER HAS LEFT FOR "PARTS UNKNOWN."

MORE "HIGH FINANCE"

His Deposition Wanted in Cases Soon to Be Tried in Court—Many Cases Standing Against Him.

Joseph Younger, who was formerly loacted at Elmo and left that town for High River, Alberta, Canada, seems to have moved to parts unknown, according to the information received at Elmo last week.

Letters which were sent to him at that address have come back with the information that he has left and his address is unknown.

The rumor that reached Elmo was to the effect that Younger had given a man up in that country somewhat of a skinning in a financial deal.

The deposition of Younger was to have been taken soon in the cases that are now filed against him in the Nodaway County Circuit Court. There are many of these cases against him.

Younger left Elmo several months ago after pulling off a series of financial deals. He said that he was going to make good in Canada and pay off all of his debts.

MONDAY WAS MUSIC DAY.

In Addition to the Conception Band, An Italian Street Orchestra Was Here.

Monday in Maryville was music day. In addition to the Conception College band being here, an orchestra of Italian street players played the old time melodies and "raggy rags" on the streets. The orchestra is to furnish music this evening at the Empire theater moving picture show.

CONFERRING WITH PHILLIPS.

Board of Public Works Meeting Today With Their Engineer and Discussing Water Tower.

The board of public works was in session this morning, conferring with their engineer, Hiram Phillips of St. Louis, in regard to the water tower improvements and repairs and also other matters of the city water plant. Nothing definite was done by the board, except to approve the contract in regard to two new boilers at the water plant. The board will meet this evening and it may at that time decide on the best plan for the water tower.

SUING THE GREAT WESTERN.

C. E. Willey, a Latter Day Saints Preacher Wants $65 From Railroad Company.

C. E. Willey, a Latter Day Saints preacher of Iamoni, Iowa, brought suit Monday against the Chicago Great Western for $65. The suit was filed by W. E. Wiles. In the petition, it alleges that Willey checked a grip from Darlington to Guilford and in making the transfer at Conception Junction, the grip was lost and has never been found. The petition states that upon investigation, the grip was received by the Great Western railway at Conception but it was never sent to Guilford and has never been found. The grip and contents, which included papers, books and wearing apparel, are valued at $65.

Lightfoot Arrested.

The St. Joseph Gazette says:

George Lightfoot was arrested at Atchison, Kan., Saturday, to be returned to St. Joseph, where he is wanted on the charge of embezzling $500 from Otto Theisen, former sheriff, with whom he was associated in a horse deal.

Joseph F. Brown of Kansas iCty spent Sunday in Maryville with his family, who are the guests of Mrs. Brown's parents, Mr. and Mrs. Fred Hastings.

Mrs. J. T. Clark of Conception Junction was shopping in Maryville Monday.

Howard Garrett of Clearmont was in town Monday, returning home from a trip to St. Joseph.

A PRAISE SERMON

THEME WELL ADAPTED FOR CONSERVATORY COMMENCEMENT.

MANY TURNED AWAY

Interest in Musical Graduates Filled Church to Overflowing—It was an Inspiring Service.

The largest audience that has been asembled in the First M. E. church gathered Sunday night to hear the baccalaureate sermon by Rev. S. D. Harkness of the First Presbyterian church to the graduating class of the Maryville Conservatory of Music. Many people were turned away.

It is certainly a cause for regret that Maryville has not an auditorium large enough to hold all the people who would attend a service that is of such general interest as our public school and conservatory affairs are. It is hoped that somebody will become philanthropist enough some day to build Maryville a great music hall in which to hold all big gatherings.

Promptly at 8 o'clock Director Landon of the conservatory gave an organ prelude closing with a march, during which the members of the class entered and took places reserved for them. They are Miss Dale Hoffman, Miss Floe Masters, Miss Geneva Wilfley, Miss Carrie Margaret Baker and Miss Alice Barr of Maryville; Miss Madonna Fay Bishop of Ravenwood; Miss Grace Danner of Blanchard, Ia.; Miss Alpha Hinkle of Fortesque; Miss Louise Kirk of McFall; Miss Neva Key of Barnard; Miss Ora LeGrand of Clearmont; Miss Madge McMahen of Fairfax; Miss Lois Sturgeon of Hopkins; Miss Helene Young of Creston, Ia.

The special music by the large chorus, composed of the choirs of the First M. E. and Presbyterian churches, was exceedingly well rendered. The anthems were "Consider and Hear Me," by Pfleuger, and "The Sanctus," from Gounod's "St. Cecelia."

Reverend Harkness took the last verse of the Book of Psalms for his text, which reads, "Let everything that hath breath give praise." His sermon was inspiring to everyone, whether musician or not, while to the musician it must have been more than inspiring, with its keen probing of the thought and intention of those who are given the wonderful opportunity for cultivating the God-given talent for execution of music in song or upon instrument. Many things the minister said to the musicians were "sharp as a two-edged sword," to awaken the responsibility resting upon them in the use of their gifts.

The commencement program will be given Friday evening at 8 o'clock at the First M. E. church.

HENRY ROYSTON DEAD.

HE WAS SEA SICK

FATHER ANSELM WRITES OF HIS VOYAGE HOME.

EVERYTHING CHANGED

Boyhood Home Was Strange But Everyone Tried to Make Him Happy —Their Fruit All Destroyed.

The first word from the Rev. Father Anselm, pastor of St. Mary's Catholic church of this city, who is in Europe for a several months' stay, was received Sunday by the Rev. Mother Augustine of St. Francis hospital.

Father Anselm left Maryville on April 7. His letter is dated April 28, from Kl. Wagen, Kl. Lucerne, Switzerland. What he says in his letter is mostly of a personal nature, but will be of interest to all Maryville friends, especially to his people of St. Mary's church, who took such interest in his visit to his aged mother, who was praying in every conscious moment that she might see her son before she died. His letter reads:

"Came home April 24 and found home in a sad condition. When I arrived, mother was very sick, and got worse because my unexpected arrival was too much for her. My brother's youngest girl, twelve years old, died four days before I got here and father's and mother's hearts are broken. Another near and dear relative was buried yesterday. They all felt gloomy and sad, but now they begin to revive. Mother feels some better today, but still there are no hopes for her recovery, and in the midst of her sufferings she feels perfectly happy and satisfied.

"The weather for our journey was very gloomy, rained every day, but we had no storm. Saturday noon when we left New York, was so cloudy and foggy that no steamer was allowed to go on. Sunday morning we were on the same spot when we stopped Saturday at 2 o'clock, only three miles away from New York. Monday I got sea sick and preached the longest sermon I ever preached, but only to the fish. My head is still swiming and dizzy, but otherwise feel pretty fair, although I lost eighteen pounds in weight. My three companions felt fine all the way, were eating like thrashers.

"Tomorrow I expect Abbot Ignatius and we shall at once start for Rome. Therefore I must make my letter short. Shall give a fuller explanation of my journey later on if possible.

"Yesterday I sang high mass, met the whole congregation, but knew very few. Everything is changed, but everybody tries to make me fell happy. Have to eat and drink all day, and still mother thinks I am fasting.

"Without joke or exaggeration, my home country is the grandest I ever saw. A regular paradise, although a heavy frost destroyed the fruit and blossoms of every tree. No pears, no cherries, no fruit this year. I examined almost every tree on our farm. Only one piece of fruit is in this house today, an orange which you put in my satchel in Maryville.

"Give all the Sisters of the community my kindest regards, so also to everybody in the parish. I would be glad to hear from Maryville every week.

"When back from Rome I may write more. May God bless you and all the parishoners with his choicest blessing. Goodbye."

The Party Must Make Good.

I want everybody to realize that I have not been taken in by the results of the last national election. The country did not go Democratic in November. It was impossible to go Republican because it could not tell which kind of Republican to go. The only hopeful and united instrument through which it could accomplish its purpose was the Democratic party. There are certain things which we want done, the country said, not certain persons elevated. There are certain things we want demonstrated, such as that the government of the United States cannot be controlled by private interests. Now the Democratic party is going to have a try at making these things successful and if not we're not going to have another try.—President Wilson.

Federation Meets Wednesday.

The basement of the city library having been put in order, the City Federation of Women's Clubs will hold its meeting there the second Wednesday of each month through the summer. The May meeting will be Wednesday afternoon at 2:30. The president, Mrs. W. A. Rickenbrode, is desirous that every member of the association of clubs be present to hear the reports of the delegates to the annual state federation of clubs and the Mothers' Congress held during the past week at Columbia and Louisiana. The constitution and by-laws for the new federation will be submitted for adoption and also plans presented for future work.

Her Birthday Anniversary.

Little Miss Getha Anderson, daughter of Mr. and Mrs. C. P. Anderson of the Ream hotel, celebrated her tenth birthday anniversary Saturday afternoon, by entertaining a number of her little friends in the hotel parlors. The mother of the hostess was away on a visit with relatives in Parnell, so she was assisted in entertaining and serving her guests by her father, and everybody had a happy time. Miss Getha was remembered with several nice presents. Various games were played and a delicious luncheon of ice cream, strawberries and cake was served. The guests were Bessie Thornton, Ruth Miller, Justine Fraser, Odette Wilderman, Mary Cramer, Hilda Denny, Sterril Bishop, Matie Price, Alice Carr, Bessie Schaub.

Twelve o'Clock Luncheon.

Miss Hattie Mae Taylor, daughter of Professor and Mrs. H. K. Taylor, entertained the girls of the Hum Drum club with a three-course noon luncheon Saturday. Red was the color for decorative effect, while the place cards were pictures of the hostess. Miss Taylor was assisted by her sister, Mrs. Victor I. Moore. There was one guest besides the Hum Drums, Miss Nellie Hutton. The club girls include Miss Dale Hoffman, Miss Martha Koch, Miss Mildred Robinson, Miss Ruby Curnutt, Miss Geneva Wilfley, Miss Eleanor Smith, Miss Ora Barmann, Miss Frances Keeler, Miss Ruth Reuillard, Miss Carrie Margaret Baker, Miss Glen Hotchkiss, Miss Hildred Hanna, Miss Vera Tilson, Miss Blanche Shipps and Miss Taylor.

Surprised Mrs. Alderman.

Mrs. I. K. Alderman was very happily surprised Monday afternoon by a number of her friends, who, learning that the day was the 70th anniversary of her birth, gathered at her home and spent the afternoon in a delightfully informal way. The guests took a dozen Sallie Keene geraniums, the favorite oudoor summer flower of the hostess, and presented them to her, all ready to be placed in her flower bed. A three-course luncheon was served by Miss Elizabeth Turner, assisted by several other of the guests. Those present were Mrs. J. Arthur Wray, Mrs. T. J. Penisten, Mrs. Berney Harris, Miss Elizabeth Turner, Mrs. J. C. Dutton, Mrs. O. C. Hanna, Mrs. Edward F. Wolfert, Mrs. George B. Baker, Mrs. M. J. Honnold, Mrs. George P. Bellows, Mrs. George Worst, Mrs. N. C. Covey, Mrs. Anna Frankum, Mrs. L. L. Holbrook, Mrs. F. R. Anthony.

CUMMINS LEADS G. O. P. CONFEREES

Republican Leaders Gather to Consider Condition of Party.

NINE STATES REPRESENTED

Thirty-eight Attend, Including Half Dozen Senators—Believe National Convention Should Be Called This Year, but Do Not Take Any Action.

Chicago, May 12.—Proposals to reorganize the Republican party were discussed at a conference here between six Republican United States senators and thirty-two other Republican leaders, representing nine states. The conference discussed the action that should be taken at the meeting of the Republican national committee at Washington, May 24, looking toward reorganizing the party along progressive lines and as to whether there should be a Republican national convention this year.

Although the public was not admitted, Senator Albert B. Cummins stated "that it was merely an informal talk, a sort of a roundtable discussion of what may be done for the best interests of the party by reorganizing it along progressive lines."

Presided over by Senator L. Y. Sherman of Illinois, the discussion was participated in by Senators Cummins, Borah of Idaho, Crawford of South Dakota, Gronna of North Dakota, Kenyon of Iowa, Congressman Hayes of California, Congressman Good of Iowa and many members of state legislatures.

Convention Needed.

"Did you come to a decision whether there ought to be a national convention this year?" Senator Cummins was asked.

"We did not decide on that, but everyone seems to feel that the condition of the party seems to necessitate a convention this year.

"Our informal talk will be followed by a more formal conference today, when former Governor Hadley of Missouri will be here. We shall then issue a statement telling just what we think ought to be done in behalf of the party."

Somebody asked Senator Kenyon "Whether there was to be an effort made to get a new national committee."

"That subject did not come up, but most of us would have no objection if the present committeemen resigned," replied Senator Kenyon. "What did come up was a proposition to have the next committee take office soon after its election so that it might pass upon the credentials of the delegates to the 1916 convention."

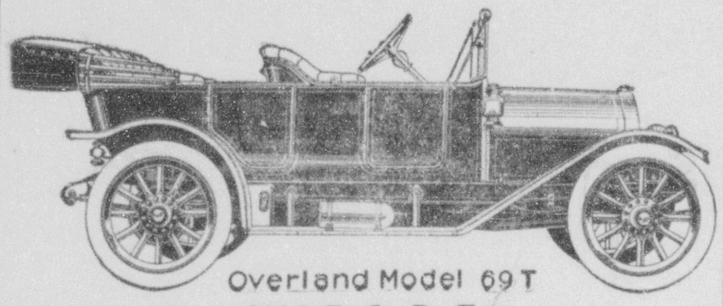
Makes the Minutes Count

SOMEBODY once said that time is the stuff of which life is made.

He was right. Time also is money. In saving the busy man time, the automobile earns him money.



Overland Model 69T

Price $985 F. O. B. Factory

How? Because by saving time it multiplies his opportunities for profitable endeavor.

It is a short-cut to business engagements and a hustler back to the desk.

It makes the minutes count that are wasted otherwise.

It is an efficiency-increaser, an instrument tending toward scientific management, which saves its cost many times over by cutting out many small wastes of time.

For the business man an hour gained each day adds vastly to his capacity for doing more business.

If time is the stuff of which life is made, then the automobile, by lengthening your productive time, actually lengthens your life, doesn't it?

Think about it?

And when you come to figure out which of the many automobiles offered you is the most efficient time saver, the safest investment, guaranteeing the most value for the money, be sure to include the Overland in the list of cars you want to examine before placing your order, and see how correct our statement is that the superior service given by the car makes it, to you, worth more than it costs.

At least come and take a look at it—take a ride, then ask those who have already bought one. Compare it with others—then draw your own conclusions. That's all we ask.

FINAL APPEAL FOR LAND BILL VETO

Bryan Telegraphs Johnson, Urging Him to Withhold Signature.

CHINDA PROTEST ACCOMPANIES

Administration Again Asks That Proposed Legislation Be Deferred—Cooperation of Government in Accomplishing California Purpose.

Washington, May 12.—The federal government's final effort to delay alien land owning legislation in California was made when Secretary Bryan, in the name of President Wilson, telegraphed Governor Johnson, notifying him that the Japanese ambassador had earnestly protested against the bill passed by the California assembly and urged that the governor postpone action by withholding his signature.

Secretary Bryan's telegram, which was framed after a conference with the president, was as follows:

"The president directs me to express his appreciation of your courtesy in delaying action on the land bill now before you until its provisions could be communicated to the Japanese government. His excellency, Baron Chinda, on behalf of his government, has presented an earnest protest against the measure. As you have before you two alternatives, viz., to approve or to veto, it will avail nothing to recall to your attention the amendments suggested to the legislature and as the president has already laid before you his views upon the subject it is unnecessary to reiterate them.

Passes Over Treaty Question.

"He passes over questions affecting treaty rights for two reasons; first, because the bill passed by the legislature is avowedly intended to conform to treaty obligations, and, second, because any conflict complained of would be a matter for the courts. But the president feels justified in expressing again his desire that action on the subject be deferred for this session and he expresses the desire the more freely because the legislature can be reconvened at any time if the welfare of the state requires it. He is alive to the importance of removing any root of discord which may create antagonism between American citizens and the subjects of Oriental nations residing here, but he is impelled by a sense of duty to express the hope that you will see fit to allow time for diplomatic efforts. The nations affected by the proposed law are friendly nations—nations that have shown themselves willing to cooperate in the establishment of harmonious relations between their people and ours.

"If a postponement commends itself to your judgment, the president will be pleased to cooperate in a systematic effort to discover and correct any evils that may exist in connection with landownership by aliens."

Action Follows Conference.

The decision of the administration to urge Governor Johnson to use his power to veto to postpone any land legislation was reached after a series of conferences between the president, Secretary Bryan and John Bassett Moore, counsellor of the state department and Ambassador Chinda. It was realized that any further attempt to have the bill enacted by the California legislature amended would be fruitless, since Secretary Bryan's trip to Sacramento was unavailing and the legislature is to adjourn tomorrow.

Until Governor Johnson's reply is received, the government probably will make no reply to the protest of Japan further than to acquaint the ambassador with the fact that every possible effort has been made to have action in California delayed pending a settlement of the problems involved by diplomacy.

GREECE DELAYS PEACE

Refuses to Accept Draft of Treaty Drawn Up by Powers.

London, May 12.—The Turkish delegates arrived in London for the peace conference.

Dispatches from Sofia indicate that the Greek government is trying to delay the conclusion of peace by refusing to accept the draft of the treaty drawn up by the ambassadorial conference. The Bulgarian government, however, has notified Greece of its determination to permit no further delay in signing the peace treaty.

Friction between Bulgaria and Greece still menaces the situation. The mixed commission appointed by the two governments to reconcile the rival claims over disputed towns and territories arrived at irreconcilable conclusions.

NEEDFUL KNOWLEDGE.

Maryville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are many. Disordered kidneys often excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back may ache, headaches and dizzy spells may occur and the victim is often weighted down by a feeling of languor and fatigue. Neglect these warnings and there is danger. Delay often proves fatal.

You can use no better endorsed kidney remedy than Doan's Kidney Pills. Here's Maryville proof of their merit.

Mrs. C. McMonigal, 706 East Second street, Maryville, Mo., says. "I suffered for years from disordered kidneys and at times the pain in my back was so bad that I had to scream. I couldn't rest well and had dizzy spells. Since I used Doan's Kidney Pills I have felt better in every way. I can certainly recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisement.

FRAIL, SICKLY CHILD

Restored to Health By Vinol—A Letter to Mothers.

Anxious mothers often wonder why their children are so pale, thin and nervous and have so little appetite. For the benefit of such mothers in this vicinity we publish the following letter.

J. Edmund Miller, New Haven, Conn., says: "My little daughter ever since her birth had been frail and sickly, and was a constant source of worriment. Several months ago we commenced to give her Vinol. I immediately noted an improvement in her health and appearance, and from the good it has done her I can truly say it will do all you claim."

This child's recovery was due to the combined action of the medicinal elements extracted from cods' livers,—combined with the blood making and strength creating proprieties of tonic iron, which are contained in Vinol.

Vinol will build up and strengthen delicate children, old people, and the weak, run-down and debilitated. We return the money in every case where it fails.—Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

POISONOUS GAS IN STOMACH.

Nothing Like MI-O-NA Stomach Tablets to Instantly Banish Misery.

Gas forms in your stomach because food you eat ferments and turns sour.

Allow this fermentation to go on and these gases become poisonous and the poison gets into the blood.

MI-O-NA Stomach Tablets stop the fermentation almost instantly, turn the poisonous gases into liquid, and eliminates it through the natural channels.

If you have stomach trouble such as gas, sourness, heaviness, flatulency, or shortness of breath, MI-O-NA will give gratifying relief in five minutes.

They are sold on money back plan for acute or chronic indigestion, nervousness, headaches, etc. At Orear-Henry Drug Co. and druggists America over, 50 cents. Postal will bring trial treatment.—Advertisement.
